NOTEPADS

make useful and low-cost gifts for the desk

Notepads are like marketing ninjas. Give them as gifts to your top customers. While they're on the phone and innocently doodling, your details will be in their face the whole time. Use them at events and meetings for attendees to make their notes.

STATIONERY

to match your image

If your letters look sloppy, people will assume your work is too. If your logo looks dated, they'll assume your business is out of touch. Badly designed stationery may cost you more than well-designed stuff.

BOOKLETS come in all shapes and sizes

When you've got a bit more to say, you're going to need a multi-page booklet. Choose from half-size or 8.5 x 11 in a variety of page counts.

THICK COVERS make your booklets look even more impressive

Our lowest prices for booklets are where all pages are printed on the same weight of paper. Lots of people prefer to give their booklets a bit more impact by adding a thicker cover.

We can create any booklet with a thick cover in as few as 12 pages (8 pages for the inside plus 4 pages for the cover). The cover is additional, and doesn't replace any existing pages. Simply look up the quantity you want on our fixed price charts and run your fingers over to the next page to see how much to add for your choice of cover.

CHOOSE YOUR COVER STYLE

from these four options

100# Silk Cover

Perfect for adding to our thinner booklets, this cover stock will do the trick.

120# Gloss Cover

An eye-catching gloss outside on a thick gloss cover stock.

140# Silk Cover

Chic and subtle – a thick silk cover stock to help protect those precious pages.

140# Silk with UV, Soft-touch, or Spot-UV
